Icons pack for a set of emulators !

Hi All,

With the agreement of **Gelon**, here is a set of icons and backgrounds he has designed for emulators such as :

Colecovision, Thomson-to7, Sinclair Zx81, Atari 7800 and Atari 2600.

Enjoy and many thanks to him for his hard work,

gelon's icons pack

Zx

UPDATE: It seems that some of those icons were taken from http://www.criticalraven.be/PSP/ ... ???
