Pandora-TWorld: Tile World for Pandora v1.3

Hi All,

Tile World is an emulation of the game "Chip's Challenge". "Chip's Challenge" was originally written for the Atari Lynx by Chuck Sommerville, and was later ported to MS Windows by Microsoft (among other ports).

See here for details.

Here is a port on Pandora of latest version 1.3. This package does not come with the chips.dat file that contains the original level set. This file is copyrighted and cannot be freely distributed.

Here is a full working PND version :

Here is the source code :

Enjoy,

Zx.
