Pandora-TI99: A TI-99 emulator for Pandora v1.1.0

Hi All,

TI99Sim is a very good emulator of Texas Instruments TI99 home computer
running on Windows and Unix. The emulator faithfully imitates the TI99/4 model
(see http://www.mrousseau.org/programs/ti99sim/)

Pandora-TI99 is a port on Pandora Ångström of the version i've previously ported to Wiz.

How to use it ? Everything is in the README.txt file.

If you want to convert games etc ... have a look to Ti99/sim web site
for more informations (http://www.mrousseau.org/programs/ti99sim/).

You can give a try to the cartridges package :
here

Sources are included, and this package is under the GNU public licence,
read COPYING.txt file for more information about it.

Here is a full working binary version :
pandora-ti99-v1.1.0-pnd.zip

Here is the source code :
pandora-ti99-v1.1.0-src.zip

  Enjoy,

      Zx.

If you want to discuss on this homebrew, you can do it here :
My forum on dcemu network or http://www.gp32x.com/.

Just of of curiosity, is the Pandora keyboard fully supported on this? I'd check for myself, but I still don't have my Pandora yet.

Thanks

Hi,

The keyboard is fully supported,

Cheers,   Zx
