Wiz-FishFillets : Fish Fillets Next Generation for Wiz

Hi all,

Fish Fillets Next Generation is a puzzle game written by Ivo Danihelka. The goal in every of the seventy levels is always the same: find a safe way out. For more details please see <http://fillets.sourceforge.net/>.

Here is a port of this smashing game to Wiz !

Sources are included, and this package is under the GNU public licence, read COPYING.txt file for more information about it.

Binary version :
fishfillets-0.9.3-bin.zip

Here is the source code :
fishfillets-0.9.3-src.zip

Enjoy,

Zx.

If you want to discuss on this homebrew, you can do it here :

This is a wonderful game. Will you put some effort into a PSP port as well?

Hi !

I haven't touched my psp from a very long time, but why not if i find the time

Take care,
Zx
