Pandora-Vectrex : Vectrex Emulator for Pandora v1.1.1

Hi All,

VecX emulates the Vectrex game console on systems such as Linux and Windows.
It has been written by Valavan Manohararajah.

Here is a new version of my pandora port.

What's new then in this version : Overlays support !

Here is a full working binary version :
pandora-vectrex-v1.1.1-pnd.zip

And source code :
