## **Pandora-Vectrex : Vectrex Emulator for Pandora v1.1.1**

Hi All,

VecX emulates the Vectrex game console on systems such as Linux and Windows.  
It has been written by Valavan Manoharajah.

Here is a new version of my pandora port.

What's new then in this version : Overlays support !

Here is a full working binary version :

And source code :
