JXD-Coleco: Colecovision emulator for JXD and G18

Hi all,

Here is a new version for JXD S5110, JXD S601 and Yinlips G18.

- Touch screen support in most of all menus
- JXD + G18 support
- Speed limiter accuracy improvement
- Frame skip used now a 1/50 sec step (more accurate)
- Fix Sound issues (due to bad SDL implementation on Android)

Binary version :
android-coleco-v1.1.2-apk.zip

Enjoy,

Zx.
