Caanoo-Fcalc: Simple calculator for Caanoo v0.2

Hi All,

Here is a simple but useful calculator developed by flynn for Gp2x & Wiz.
This is a simple re-compilation to caanoo of the source code of flynn (big thanks to him).

Here is a full working binary version :
[caanoo-fcalc-v0.2-bin.zip](#)

And here is the source code :
[caanoo-fcalc-v0.2-src.zip](#)

Enjoy,

Zx.

If you want to discuss on this homebrew, you can do it here :
My forum on dcemu network or <http://www.gp32x.com/>.
