Hi All,

Here is a new version of Stella / atari 2600 emulator for Android consoles JXD S5110, JXD S601 and Yinlips G18.

Here is the Changelog :

- Touch screen support in most of all menus
- JXD + G18 support
- Speed limiter accuracy improvement
- Frame skip used now a 1/50 sec step (more accurate)
- Fix Sound issues (due to bad SDL implementation on Android)

I have modified the Pandora version and port it to android using the amazing framework of Pelya, a big 'merci' for his awesome work. See his site for more details.

Here is a binary version :  
android-a2600-v1.1.0-apk.zip

The source code :
